THE LOS ANGELES HOMELESS..WHAT CAN BE DONE IN THE PRIVATE SECTOR?

Los Angeles and many other cities are encountering a sharp increase in the homeless population. What can the private sector do? How successful is Hope of the Valley with their projects? What kind of properties are they acquiring? What are their programs that work? How can we as real estate agents help this kind of organization? There are many potential solutions. Come and hear what one organization's founder says on where they are finding success.
