WHAT IS MEDIATION AND ARBITRATION ALL ABOUT IN A COMMERCIAL REAL ESTATE TRANSACTION?

How are issues resolved in a commercial real estate transaction? Most contracts provide for mediation and arbitration, but what is that all about and how does it work? Is it mandatory? How expensive are they compared to a lawsuit? How long does it take? Come listen to an individual highly qualified for over 25 year in resolving issues in real estate. She will tell us what is involved and how to stay out of situations that might get you or your client out of trouble.
